Re: Dan Burton for Congress Committee
Year End Report (10/01/09 - 12/31/09)
ID: C00145862

Dear Mr. Fuselli:

This letter is in response to yours dated March 23, 2010 regarding the above referenced report. We have reviewed our records and have amended our report (amendment# FEC-465871) as follows:

1. For the 2010 Election cycle we have received the following contributions from Mr. Gary Schahet:

01/26/09 \$1000 - P
10/31/09 \$ 200 - P
12/15/09 \$1400 - P
12/15/09 \$ 100 - G
01/25/10 \$1000 - G

A refund of \$200 (check #10140) was issued on 02/22/10 which appeared on our April Quarterly report. This was a refund for contributions which exceeded the allowable limit for the Primary Election of 2010 leaving his aggregate total for the Primary at \$2400. We redesignated the contribution received on 12/15/09 in the amount of \$100 to the General Election as well as the contribution dated 01/25/10 for \$1000 for an aggregate total of \$1100 for the General Election of 2010.

2. Contributions from United Citizens PAC were entered erroneously due to duplicate records within our database. We have since combined those records to show the following contribution history:

06/30/09 \$2500 - P
09/21/09 \$2500 - P
12/28/09 \$5000 - G (this was originally designated to the Primary - because it was entered on the duplicate record and the computer program didn't recognize that it was over the limit for this entity)

We have corrected the designation for the contribution of \$5000 made on 12/28/09.

3. The same data entry error of duplication occurred with the Credit Union National Association PAC. We have since combined those two records and show the following contribution history:

04/13/09 \$2500 - P
09/30/09 \$2500 - P
12/31/09 \$5000 - G

We have duly noted and will make certain that once duplicate records are combined that we also update the aggregate year-to-date totals within our software program. Failure to execute this step may result in incorrect totals.

Please note that we have also updated our "occupation" and "employer" information for this report.
